Who wouldn't choose more time to enjoy life?

## 6 reasons why we are the best choice!

- 1. Guaranteed same day invoice processing**  
We process all invoices on the same day that we receive them. We upload all claims to the NDIS on the same day.
- 2. Personalised, responsive service**  
We give you a real person on the end of the line. If we can't answer your call straight away, we'll call you back the same day.
- 3. Claim everything you're entitled to!**  
The NDIS regularly changes and updates items that are claimable. We keep up-to-date to ensure you get the most out of your plan. You can use registered and unregistered providers.
- 4. Zero cost to you or your plan**  
Your Plan Management fees are paid for by the NDIS. They don't come out of your supports budget, and there are no gap fees to come out of your pocket.
- 5. Experienced, trusted Plan Managers**  
We've been in the disability and health business for more than 30 years. The financial side of your NDIS Plan is in safe hands!
- 6. Regular reports and updates**  
You'll receive monthly statements and can request up-to-the-minute reports at any time.

*It's your plan. It's your choice!*
